## **Specialty Products Manager Announced**

**(Memphis, TN)** – Aaron Winn has joined Drexel Chemical Company as Specialty Products Manager. Mr. Winn will be responsible for managing Drexel Chemical Company's Adjuvant and Nutritional Product lines across the United States. His contact information is: Work – (901) 666-3842 or Email – [awinn@drexchem.com](mailto:awinn@drexchem.com).

Aaron brings more than 20 years of experience in sales, marketing and management within various aspects of the industry. Prior to his employment at Drexel, Mr. Winn worked in product development and proprietary product management for Red River Specialties. Mr. Winn graduated from West Texas State University with a degree in Biology/Kinesiology and resides in Clovis, NM.

Drexel Chemical Company is a manufacturer of a full line of agricultural products in the categories of insecticides, herbicides, fungicides, growth regulators, nutrients, adjuvants and surfactants. Additional information is available on our web site [www.DrexChem.com](http://www.DrexChem.com).
